What Are You Listening To?

A I put that record on
girl you know what song and I let it play again and again
You're in every line takes me back in time
tonight I'm wondering

B (chorus)
What are you listening to
Is it a cover band in some college town bar where it's na-na-na's and air guitars
Or is it something to get you through
Just a sad song playing on the radio station tears still fall and hearts still breakin'
Cause you're hanging on or is it a love song
about someone new, what are you listening to?

(int'l) | G | G⁵us² |

A I like to believe
That you're just like me trying to figure out how a good thing goes bad
I don't know I can't let it go
Yeah it's about to drive me mad

B (chorus) + extra bar | G |

C Is it a feel good song gets you driving too fast the one that gets you moving on pass to pass
Or the kind you can't help singing along singing whoa
Is it headphones on on a downtown train or a window seat on an outbound plane
Is it LA sunny and Memphis blue I wish I knew I wish I knew
